## 2) Terms of Work Acceptance

Once we have made a delivery of work to a client, the onus lies on the **client** to review and advise of any bugs/adjustments that are needed in order for the delivery to match the project specifications agreed upon.

All issues need to be reported **within 1 week of delivery**, unless otherwise arranged. Any issues reported that fall within the scope of the project specification will be changed/fixed/updated accordingly at no extra cost.

Any issues reported during this review period, that is deemed new work will be quoted accordingly.

Any issues reported **after** this review period will be considered as new work and quoted accordingly.
